

About Us

Kids and Places Australia shows families the FUN places to take the kids on an easy to use App and website.

We work with brands/businesses that offer an attraction, event or product to families with children aged 0-12 years, particularly with a focus on leisure, hospitality, travel or tourism Australia-wide.

Services we offer:

- Reviews of family attractions, places, activities & events
- Feature posts on our social media
- Promotions/Giveaways with our followers
- Listings of relevant businesses/places on our app and website (nationwide)

Businesses we've worked with...

About the Founder

Hi - I'm Zoe, I started Kids and Places Australia because I love discovering fun places to take the kids but didn't love trawling through cluttered websites to try to find where to go! I thought *how much easier would it be if there was an app that could quickly & easily show you where all the kid friendly places are near your location, no matter where you are in Australia...?* And so the Kids and Places Australia App was created!
